

and promoting transparency, accountability and integrity in EU institutions, ensure our MEPs work in consultation with civil society and others to achieve

and law-making of EU institutions will become a global model of transparency and integrity, establishing the highest standards. We commit to upholding both the Code of Conduct for MEPs and will publish a 'legislative footprint' that will report that our MEPs are responsible for drafting our term in office.

note greater integrity and transparency in public spending. It will ensure that funds is published in a manner that is easily accessible and usable by citizens, conforming to open data principles. EU public procurement rules will take account principles and have effective methods to deal with conflicts of interest. This by EU and national bodies.

note initiatives and legislation that will provide effective protection to the public, private and non-profit sectors.
